The Kies property is situated on a rise of ground just to the south of Laurel Hill bridge and on the left hand side of the road. It commands a fine view of the river and is an ideal location for a clubhouse or lodge home. The building is in excellent repair, is three stories in height and contains 13 rooms. Very little altering will have to be done before the building will be ready for occupancy by the Moose. It is planned to remove the partitions on the top floor thus turning that floor into a large hall.
